European Aerosol Conference – EAC 2019

25-30 August 2019
Gothenburg, Sweden

www.eac2019.se

Welcome to EAC 2019!

Join colleagues from all areas of aerosol science at the European Aerosol Conference 2019. Take the opportunity to challenge your brain, create new networks, and maintain existing relations. EAC2019 will feature five main themes corresponding to the European Aerosol Assembly (EAA) working groups, in addition to selected special topics.

The Nordic Society for Aerosol Research (NOSA) arranged its first symposium in 1982 in Gothenburg. In 1988 NOSA hosted the first EAC Conference together with the Association for Aerosol Research (GAeF). The Gothenburg Air and Climate center (GAC) organized the NOSA symposium in 2005. Now GAC on behalf of NOSA welcome aerosol scientists to Gothenburg for the EAC 2019.

The EAC conferences are traditional meeting places and an exciting discussion forum for scientists from around the world working with basic aerosol research, development of aerosol techniques or applying one of its several techniques in a rich variety of scientific topics. The topics include nanotechnology, combustion aerosols, chemistry and physics of aerosols, medicine (inhalation, exposure and health), instrumentation, as well as indoor and ambient aerosols. EAC 2019 presents an opportunity to learn more about the latest in theoretical, experimental and applied aspects of aerosol science. Discuss with people from all over the world, to share your work and to learn from others.

Welcome to Gothenburg!
